Call for Papers

As before the 2012 Congress' motto is "Users report for Users". For that reason we are looking for practical contributions. Become part of the Pharma Congress Production & Technology 2012 and benefit from the information exchange with other industry experts in the speakers' team!

I would like to become part of the Pharma Congress speakers' team – with the following presentation for the conference *(please mark)*:

- Barrier-Systems - RABS/Isolator**
Implementation of modern Barrier Systems concepts
- Prefilled Syringes**
Current trends with regard to prefilled syringes
- Current Aseptic Technologies**
Technological implementation of current regulatory requirements
- Glass – Glass Breakage – (Micro)-Cracks**
Cause and prevention of problems with glass containers
